*"When I was younger, I was quite interested in what was going on with the barbecue, and would always watch and look and watch and look. Then one day my dad told me. He was like, 'Listen, I need you to cook this pig.' And I was eleven years old at the time. So I had to actually keep my own wood in the barrel, to go scoop it up with the shovel and had to put the heat under the pig. And my first pig at eleven years old came out just right."*

*So every week we go out, get the old trucks started, get the chainsaws together, go get what we need to put flavor in what we do. Kind of like the chef picking out the tomatoes from a garden. I pick out my own trees fresh out of the woods. There ain't no other way."*
